SELLERS COMMENTS 'We have loved living in this superb family home, the layout, generous room sizes and three bathrooms have been an excellent place for a family to make a home. The garden is a sun trap in the summer months and recent additions of the solar panel and battery system have meant the house is super-efficient. Living in the centre of the village offers excellent proximity to amenities and bus routes. The cul de sac has 5 houses, is extremely quiet, and a genuinely great place to live.'
